[REDACTED] Comment:

25X1C

a. The report is forwarded with reservations and is not
considered a confirmation of previous information because
of the following reasons:

25X1C

25X1C

(1) Although the reported motor vehicle [REDACTED] belong to
[REDACTED] known to be assigned to the component units of
the Fourth Gds Recz Army (Gadre), their appearance in
the BERG-WITTE kasernes appears to have been too haphazard.
It is improbable that [REDACTED] of all compo-
nent units of the Fourth Gds Recz Army (Gadre), including
the army [REDACTED] units, should have appeared in one kaserne at
the same time.

25X1C

25X1C (2) [REDACTED] (allegedly observed in the BERG-WITTE
[REDACTED] plant, i.e. the [REDACTED] of the Fourth Gds Recz Army
25X1C (Gadre) ?) and [REDACTED]

25X1C

[REDACTED] in July 1949. To believe the information,
the two [REDACTED] must at least be confirmed by a third reli-
able source.

b. The statement that 1,400 to 1,700 newly arrived recruits were quartered in three EBERSWALDE kasernes and that the EBERSWALDE combat units were absent on maneuvers (possibly in the TEMPLIN area?) on 14 August 1949 may be correct.

c. The observation of 400 troops allegedly returning from maneuvers in the FRANKFURT/Oder area (Hq units of the Fourth Mecz Army (Cadre?)) is given credence.
